

# GEOMETRY GLOSSARY

NAME \_\_\_\_\_

Chapter \_\_\_\_\_ through \_\_\_\_\_

## Requirements:

\*Must be HANDWRITTEN! (or no points)

\*Skip a line between statements ( or a deduction of points).

\*"Chapter \_\_\_\_" must be written before beginning each chapter.

\*Must be neat, legible, stapled (or a deduction of points).

\*At the beginning of each statement, label whether a definition, property, postulate, or theorem by using: def, prop, post, thm.

You can organize it in the same order as in the notes or state by groups: definitions, properties, postulates , and theorems.

Glossary will be collected for points
