

**Advanced Algebra II Honors: Stroop Effect Test Self Reflection**

The following is designed to assess how well you have attended to the behaviors associated with being a collaborative team member and a flexible, self-directed learner. These will be turned in next class and are to be completed individually.

- Complete the text box below addressing the behaviors of a collaborative team member and a flexible, self-directed learner.

COLLABORATIVE TEAM MEMBER	Never	Some-times	Always	FLEXIBLE AND SELF-DIRECTED LEARNER	Never	Some-times	Always
Respectfully convey my ideas to others				Attend to and follow directions			
Demonstrate flexibility in partner decisions (compromise)				Manage my own behavior so that I remain focused			
Actively contribute to the problem-solving process				Positively contribute to the learning process			
Assume shared responsibility for collaborative work and value the individual contributions made by others				Prioritize, plan and manage work to achieve the intended result			
				Apply prior knowledge to new situations			
One "Attribute" I met is _____ Give one specific example of how it was met.				One "Attribute" I met is _____ Give one specific example of how it was met.
